

## Need to Knows (NTK's) by 11/6/23

### Classification – The 3 Domains and 6 Kingdoms of Life

#### Scientific examples

##### A. The Prokaryotes: Organisms that lack a nucleus

###### Domain- Archae

###### 1. Kingdom: Archaebacteria

methanogens

###### Domain- Bacteria

###### 2. Kingdom: Eubacteria

Phylum Schizophyta  
Phylum Cyanophyta

bacteria, blue green algae  
bacteria  
blue green algae

##### B. The Eukaryotes: Organisms with cells that have a nucleus

###### Domain- Eukarya

###### 3. Kingdom: Protista (Protozoa)

Phylum Ciliophora  
Phylum Sarcodina  
Phylum Euglenophyta

diatoms, paramecium, ameba, most algae  
paramecium  
Ameba  
Euglena

###### 4. Kingdom: Fungi

Phylum Basidiomycota

Mushrooms, molds, yeast, slime molds  
Mushrooms

###### 5. Kingdom: Plantae (Plants)

Phylum Bryophyta  
Phylum Tracheophyta  
Class Gymnospermae  
Class Angiospermae

Mosses  
Vascular plants  
Pines, cedars, redwoods  
Flowering plants – Roses, orchids, iris, apple

###### 6. Kingdom: Animalia – Metazoa (Animals)

Phylum Porifera  
Phylum Cnidaria  
Phylum Platyhelminthes (flatworms)  
Phylum Nematoda (round worms)  
Phylum Annelida (segmented worms)  
Phylum Mollusca  
Class Cephalopoda  
Class Gastropoda  
Class Bivalva

Sponges  
jellyfish, Sea Anemones, Corals  
planarians\*\*, tapeworms  
Ascaris sp., hookworms  
earthworms\*\*, leeches  
Snails, Clams\*\*, octopus  
Squid\*\*, Octopus  
Snails, slugs  
Clams\*\*, Mussels

Phylum Arthropoda  
Class Crustacea  
Class Insecta  
Class Arachnida  
Class Chilopoda  
Class Diplopoda  
Phylum Echinodermata  
Phylum Chordata (backbones)  
Class Agnatha  
Class Chondrichthyes  
Class Osteichthyes  
Class Amphibia (Amphibians)  
Class Reptilia (Reptiles)  
Class Aves (birds)  
Class Mammalia (mammals)

crabs, lobsters, insects, spiders  
crabs, lobster, crayfish\*\*  
grasshoppers\*\*, flies, butterflies  
Spiders, scorpions, ticks  
Centipedes  
Millipedes  
Starfish\*\*, sea urchins, sand dollars  
sharks, toads, snakes, birds, mammals,  
Lampreys and Hagfish  
sharks, skates, and rays  
Perch\*\*, sardines, salmon, minnows  
Toads, frogs\*\*, salamanders  
Lizards, snakes, turtles, alligators, and crocodiles  
Eagles, penguins, hummingbirds, etc.  
Elephants, monkeys, pigs\*\*, humans, etc.

\*\* These are critters we will be dissecting during the course of the year!!
